What our customers say...

“ We have just had our glass veranda done in Alsager. It is just perfect and completes our garden making a more usable space in all weathers. We were recommended to Green Guys by someone local in Alsager and we are so pleased we decided to go with them. ”

“ Recently had a stunning veranda built, the guys were brilliant. Superb product and well fitted by courteous lads. ”

Would strongly recommend.
Thanks. ”

“ Great service and a great price, they look after you very well and the product is fantastic. We will be using them again in the future. ”

“ Really happy with the carport they have fitted. Had a laugh with the lads that fitted it. 5 star job. They cleaned up after themselves at the end of the day. Can't fault their work and I am very critical if things aren't done right. And they have done an amazing job. Very trustworthy. Would recommend to anyone. ”

Polycarbonate Verandas

Like our Clear-Cut Glass veranda our Polycarbonate verandas have the same aluminium framework but instead of glass we have three polycarbonate roof options.

Firstly, we have a **clear** tint multiwall polycarbonate for installations where the maximum light transmission is required. Secondly, we have **bronze** tint multiwall polycarbonate for installations where protection from sun glare is required. Thirdly, we have an **opal** tint multiwall polycarbonate for installations where privacy and protection from sun glare is required. Our Polycarbonate verandas are the perfect addition to any home for the whole family to enjoy in any weather.

Carports

Our Carports are a fantastic way of sheltering your vehicles and less expensive than building a garage, they also look great on the side of your property giving your home style and character with a great carport installation. More and more of our customers are going for carports they have a variety of uses and our carports are a modern design with clean sight lines.

Our British manufactured aluminium carports are tailor made to suit any property. We even powder coat our carports in any RAL colour and give a 10-year guarantee. Our carports benefit from an internal guttering system and with a projection of up to 4.1 meters this allows a larger covered area without the worry of an overhanging gutter. Its high structural performance ensures this system is an ideal choice for domestic and commercial applications.

This highly versatile system offers a solution for many applications such as:

- Carports
- Covered seating areas
- Covered play areas
- Porches
- Patio Canopies
- Caravan Shelters
- Cycle shelters
- Smoking shelters
- Walkway covers

Thinking of having a veranda or
you have already had a veranda
installed by us?

Did you know we have add-ons to
make your veranda even better?

Add-ons...

SIDE INFILL

We can add a side infill to your veranda with either a cladded side or glass. This can help with privacy from neighbours, driving rain, wind and it gives you options to add a television, speakers or personalise your veranda to your preference.

COSY CORNER

Why not add a cosy corner to your veranda with either cladding or glass. This can create a focal point and protect your outdoor living furniture from driving rain and wind.

FULLY ENCLOSED

Turn your veranda into a fully enclosed garden/glass room. Design your own garden/glass room yourself with our cladding, glass, window and door options. Choose from aluminium or UPVC to suit your budget.
